The MICRO COMM® Elite PI® PRO is the most flexible position indicator available. With the Elite PI® Designer software, you can PROgram your own position indicator by customizing background colors and logos, messages, and arrow styles. This system offers full network support with our ENET, giving you the ability to PROgram the screen from any computer in the building. In addition to design flexibility, the MICRO COMM® Elite PI® PRO can display floor, priority, and time-based messages.

TYPICAL APPLICATIONS:
