

ENETB-XRXX

ELITE SERIES

ELITE PI

The Elite ENET Bank interface can support up to 8 cars, customer Ethernet interface and a third party RS45 Ethernet streaming video input. The ENET Box communicates with Elite Series in cars via a single twisted shielded pair for transfers and streaming video from the HDINT. The HDINT can be wired into the ENET box easily to support HD to Ethernet for video streaming from a third party source.

OPTIONAL:

The HDINT can be wired into the ENET box easily to support HD to ethernet for video streaming from a 3rd party source.
